Dr. the Honorable Christopher Tufton
Minister of Health
64 Knutsford Boulevard
Kingston 5

Dear Minister Tufton:

Re: Negril Health Centre

Firstly, thank you for endorsing the Negril Chamber of Commerce in our efforts to develop and expand the Negril Health Centre. We appreciate your commitment to help with some of our fundraising towards this goal.

The chamber is still waiting for the written approval from your Ministry re: **The Adopt a Clinic Initiative**; we need this so we can move forward with our fundraising efforts and to seek major sponsors. In addition, we also need the approved drawings in order to get a bill of quantities and costing of the project.

We look forward to your earliest response to these requests.

Best regards,

Daniel Grizzle
President
